## SERIES SPECIFICATIONS

Centaur's Telescoping support bracket is an adjustable stud-to-stud mounting bracket for mounting boxes between wood or metal studs. CM-TSB offers the rigidity and versatility you need to mount junction boxes in a wide variety of applications while still maintaining an ease of installation on the jobsite. CM-TSB is expandable from 16" up to 27" fitting most stud spacing at any height. CM-TSB is designed to fit 4", 4-11/16" and 5" square boxes with ease. CM-TSB's rigid structure eliminates the need for back support.
