## 4" SQUARE BOXES LOW VOLTAGE PARTITIONS

#### DESCRIPTION:

Centaur 4" Square (4S) Box Low-Voltage Partitions are used with 4" Square boxes to divide boxes into compartments for low voltage and power devices. Parts can be easily installed with the breakout tabs for a flush finish with the box. Selected models are to be used with 1-1/2" or 2-1/8" deep boxes and with various 2-Gang rings.

#### CERTIFICATION:

RoHS Compliant
